OmniTech Retail Solutions

Comprehensive Hardware Warranty and Protection Terms

Version 3.1 — Effective Date: February 15, 2026 — Document Reference: DOC-02-CWT

1 1. Standard Manufacturer Hardware Warranty

OmniTech Retail Solutions warrants all Tier-1 consumer electronic hardware against defects in materials and workmanship under normal consumer usage for a specific limited period from the original purchase date.

1.1 1.1 Tier-1 Laptops and Mobile Computing Devices

All Tier-1 laptops, notebooks, workstations, and mobile devices sold by OmniTech include a **1-Year Limited Hardware Warranty** covering primary system components:

- Motherboards, system logic boards, integrated processors, and graphics chips.
- Factory-installed RAM modules and internal Solid State Drives (SSDs).
- Integrated display panels, internal wiring harnesses, and power adapters.

1.2 1.2 Consumable Battery Wear Policy

Rechargeable lithium-ion batteries are classified as consumable components due to natural chemical degradation over time:

- **180-Day Battery Coverage:** Batteries are covered against manufacturing defects for **180 days** from purchase.
- **70% Health Threshold:** A battery replacement claim will only be honored within the coverage period if the maximum charge holding capacity drops below **70% of its original design capacity**, as verified by official diagnostic software tools.
- Cosmetic degradation or standard capacity decay beyond 180 days is strictly excluded.

Table 2.1: Warranty Coverage Matrix

Hardware Component	Warranty Period	Coverage Scope
Motherboard & CPU	1 Year	Repair / Replacement against functional failure.
System Battery	180 Days	Replaced only if total health drops below 70%.
AC Adapter & Cables	1 Year	Direct replacement for power failure.
Extended Care Add-On	Up to 3 Years	Includes optional Accidental Damage Protection.

2 2. Extended Protection Plans and Accidental Damage

2.1 2.1 Accidental Damage Handling (ADH) Add-On

Customers who purchase the optional ****OmniCare Protection Plan**** gain coverage for accidental drops, liquid spills, and structural physical damage:

- **Coverage Limit:** Up to two (2) approved claim instances per 12-month period.
- **Deductible Structure:** Every claim under the ADH plan requires a fixed ****\$50.00 deductible payment**** prior to service or replacement dispatch.
- **Liquid Spills:** Covers accidental spills on keyboard and chassis, provided the unit is submitted for service within 72 hours of exposure.

2.2 2.2 Exclusions and Warranty Void Conditions

The standard warranty and ADH plans are rendered strictly null and void under any of the following technical conditions:

1. **Unauthorized Disassembly:** Removal of warranty void stickers or opening of system enclosures by non-certified technicians.
2. **Firmware Modifications:** System failures caused by flashing custom BIOS files, unofficial firmware, or forced hardware overclocking beyond factory limits.
3. **Environmental Abuse:** Severe corrosion, insect contamination, or extreme thermal exposure beyond rated operating tolerances.

3 3. Warranty Claim Execution Protocol

3.1 3.1 Diagnostic Submission Requirements

To initiate a hardware warranty claim, customers or support agents must execute the following protocol:

- Obtain system serial number and proof of original purchase receipt.
- Run standard onboard hardware diagnostics and capture the failure error log code.
- Submit an RMA request under the "Warranty Service" classification via the employee interface.
