

Document 14: Payment Methods, Cryptocurrency, and Consumer Financing Guide

Global Treasury, Billing Operations & Credit Risk

Version 1.9 — Updated October 2026

1 Accepted Payment Methods

We offer flexible payment processing methods for online, mobile app, and retail point-of-sale transactions.

1.1 Standard Electronic Payments

- **Credit & Debit Cards:** We accept Visa, Mastercard, American Express (AMEX), and Discover cards. Cards must support 3D Secure 2.0 verification for online checkouts.
- **Digital Wallets:** Apple Pay, Google Pay, and PayPal Express Checkout are supported across mobile and desktop browser platforms.
- **Wire Transfer / ACH:** Orders exceeding \$2,500 can be paid via Direct ACH Debit or Bank Wire Transfer with zero processing surcharges.

1.2 Cryptocurrency Settlement Directives

- **Supported Cryptocurrencies:** Bitcoin (BTC) and Ethereum (ETH) are accepted for hardware and software purchases via our integrated BitPay portal.
- **Non-Refundable Asset Clause:** Crypto purchases are finalized immediately upon network transaction confirmation. Due to blockchain volatility, crypto orders are strictly non-refundable via cryptocurrency. Qualified refunds on returned items purchased with crypto are issued via USD Electronic Store Credit only.

2 Buy Now Pay Later (BNPL) & Store Credit Card Options

To accommodate major hardware purchases, flexible multi-month installment and revolving credit facilities are offered through accredited third-party financial partners.

2.1 Klarna / Affirm Buy Now Pay Later Terms

- **0% APR Installments:** Orders valued between \$50.00 and \$1,000.00 qualify for a 4-installment bi-weekly payment schedule with 0% APR interest, subject to soft credit check approval at checkout.
- **Extended Monthly Financing:** Purchases between \$1,001.00 and \$5,000.00 are eligible for 6, 12, or 24-month extended financing with interest rates ranging from 9.99% to 29.99% APR based on creditworthiness.
- **Late Payment Penalties:** Late installments incur a \$7.00 missed payment fee charged directly by the BNPL provider if uncollected after 10 days.

2.2 Retail Store Credit Card Privileges

- **Store Rewards Back:** Cardholders earn 5% back in instant store reward points on all hardware, laptop, and accessory purchases made using the store credit card.
- **Special Deferred Interest Financing:** Hardware purchases over \$500 made on the store card qualify for 12 months of deferred interest financing if paid in full within the 12-month promotional window.

3 Chargebacks and Fraud Prevention

Fraudulent chargebacks or false billing disputes logged without contacting Customer Support first result in account suspension and blacklisting of associated billing addresses.
